

WELCOME TO THE SOLILA FIELD DAYS

We invite everybody to our vegetable garden. Come and join us on our open field days. There you can work with us, harvest vegetables, have a snack with us or just hang out on this beautiful field. Agricultural knowledge is not required. Come around!

Naufahrtweg 14, 1220 Wien

Every Wednesday from 13:00

Every Friday from 14:00

(there is no field day if it is raining)

SoliLa! stands
for solidarity agriculture.

According to this motto we are using a field in the Lobau (Vienna) to grow vegetables in a collective and non-commercial way. With the field we want to create a space to exemplify what it means to shape the city from below – non-hierarchically, accessible for all (irrespective of financial means or origin) and according to the needs and desires of the people.
